24-8 overall home record
5 USA National Players
#6 Overall Pick 2020 MLR Draft
1 USA Junior Falcon
1-10 in International Test Matches

Rugby is Underway!

The Mira Costa Rugby Program is underway. At present, our Girls Varsity is preparing for their new Fall Season. Our girls, whose season was cancelled last year due to the pandemic are looking to get back on the pitch. We have a solid nucleus but as always are looking to add student-athletes to our roster. So if you know of a Costa student interested in playing then please get them out and into our family. They'll love it for the rest of their life!

Meanwhile, our Boys side looks to have a great year this winter season. While we have a plethora of boys contributing to the success of our football program right now, nonetheless, we have a solid group led by Rob Fournell and Dondillion Rohrer working hard both on the pitch and in the weight room preparing for the 2022 campaign.

Our program is on the rise and has become well known in the rugby community as among the best of the high schools in the state of California in general and among the top public schools in particular.

To point to the success of our program, below please find a list of our former athletes still playing the game (and my apologies to any of our Ruggers that were inadvertently left off the list):

Mira Costa Ruggers Still Playing the Game

Justin Johnson (insert photo): New England FreeJacks (MLR)

Brandon Mills: Los Angeles Rugby Club (Club)
